

Introduction to GIS with ArcGIS Pro

Pre-Course Activities

Week 0

Palash Basak, PhD

Hardware

Get access to a Laptop or desktop computer

I highly recommend that you organise access a desktop or laptop computer.

When possible, attend the live online session using that **laptop or desktop computer**. Attending the session using mobile device will be less effective. Software demonstration will be done using a standard display.

In case you do have access to a laptop or desktop computer, I recommend that you team up with one or more other attendees (if you know them) and attend the session together.

Software

Get access to ArcGIS Pro

Organise a ArcGIS for Personal Use license.

Install ArcGIS Pro in your computer before week 1.

Find separate announcement in Google Classroom for instructions on how to get the software.

Time Planning

Schedule for Live Online Sessions

- Every **Tuesday** and **Thursday** at **5 pm**
- Starting from **02 September** 2025
- Each session will be 1 hour long (lecture and demonstration) followed by about half an hour Question and Answer session (attendees who have other priorities might skip the Q&A session).

Time Allocation

Allocate at least 4 hours of focused time every week

- 2 hours for attending the live sessions
- 2 hours for personal practice and review

Reading Materials

Course Outline

Review the course outline, if you have not already done so.

The find course outline in the material section of the Google Classroom.

Communication

Post questions and feedback in Google classroom, instead of sending email.

If you know the answer to someone's question, feel free to add your response.

Why posting or replying, please be nice and kind to others.
